Source:

- Import data were collected and compiled from 'Trade Statistics Search', the official website of the Customs Administration, Ministry of Finance, using reference CCC Codes relevant to the case as published by said Ministry, except the following groups of codes:
  - presumably alloy steel: 72259100005, 72259200004, 72259910005, 72269910004, 72269920002;
  - subsequently excluded from subject product: 72104900611, 72104900620, 72104900639.
- Data concerning the domestic industry is based on questionnaire responses from the six domestic producers. Almost all figures relating to production listed above are inclusive of those captively consumed, with the exceptions of domestic sales, price of domestic sales, market share, and operation profits, all of which pertain only to the merchant market. During the period of investigation, production for captive consumption averaged around 18% of all Taiwan production.

Note: 1.The base year is the first year the data is available.

1. Import data were collected and compiled from 'Trade Statistics Search', the official website of the Customs Administration, Ministry of Finance, using reference CCC Codes relevant to the case as published by said Ministry, except the following groups of codes:

(1) presumably alloy steel: 72259100005, 72259200004, 72259910005, 72269910004, 72269920002;

(2) subsequently excluded from subject product: 72104900611, 72104900620, 72104900639.

2. Data concerning the domestic industry is based on questionnaire responses from the six domestic producers. Almost all figures relating to production listed above are inclusive of those captively consumed, with the exceptions of domestic sales, price of domestic sales, market share, and operation profits, all of which pertain only to the merchant market. During the period of investigation, production for captive consumption averaged around 18% of all Taiwan production. Income before tax, return of investment, and cash flow are allocated in accordance with the ratio to which the sales of domestic like product make up all sales of each known producer.

Note: 1. The base year is the first year the data is available.

2. Those who operates on production lines of certain flat-rolled steel products plated or coated with zinc or zinc-alloys.
